[IvyTech.edu/engineering-technology](http://IvyTech.edu/engineering-technology)

## OVERVIEW

Students in the Engineering Technology program will become skilled technicians who will work with engineers and other technicians to design, implement and support engineering processes. Students will learn about collecting, analyzing, and interpreting data and troubleshooting complex systems in all courses.

As a transfer degree, the Engineering Technology program is designed to prepare students for continuing their education in a bachelor's degree program in a wide range of engineering technology specialties including electrical, mechanical, civil, industrial and chemical engineering technology.

## TWO-YEAR PROGRAM OPTIONS

### ASSOCIATE OF SCIENCE

(60 credit hours = 4 semesters)

The Associate of Science degree prepares you for transfer to a university to pursue a baccalaureate degree. The curriculum offers a strong foundation in fundamental areas such as economics and mathematics.

By completing this associate degree program, you will be eligible to transfer to ANY public four-year institution in the state of Indiana with junior status once you are admitted to that college or university. These colleges and universities include Indiana University, Purdue University, Ball State University, Indiana State University, and more! This is a great opportunity that will save you over half the cost of your bachelor's degree!

## FEATURED CAREER OPTION

### INDUSTRIAL ENGINEERING TECHNICIANS

**117** annual job openings\*

**\$24.72** /hour median salary in Indiana\*

\*Data is specific to Indiana and taken from EMSI June 2018

## EARN MORE AND IMPROVE YOUR SKILLS

If you want a good-paying job, you need to invest in your education. With an associate degree from Ivy Tech Community College, you'll earn an average \$8,000 more each year than you would with just a high school diploma. Over the course of your career, this has a tremendous impact on your earning power—a difference of up to \$400,000. As a result, you'll have the chance to explore opportunities that are well worth the time you'll spend in class. Get started today.
